CREATIVE BUREAUCRACY FESTIVAL BERLIN, 13 JUNE 2024

ABOUT THE CREATIVE BUREAUCRACY FESTIVAL

The Creative Bureaucracy Festival puts excellent, creative solutions to community issues and the people behind them in the limelight. Everything from small adjustments to big visions for the future are highlighted! The festival represents a shift from a “no because” culture to a “yes if” culture that embraces experimentation and new ideas. In doing so, the festival aims to refresh the reputation of public administrations and appeal to imaginative new talent.

Every year over 1,300 international participants from government, politics, civil society and other change-making organisations join the Creative Bureaucracy Festival to share and celebrate outstanding examples of innovative public administrations. The festival returns on 13 June 2024 in Berlin to rethink principles, processes and practices of our public institutions. With a new venue at Festsaal Kreuzberg Berlin the festival presents brand new stages, formats, and even more opportunities to learn, listen, share, and connect with creative bureaucrats from around the globe. Four dynamic stages and four immersive workshop tracks are shaping the main programme for the festival day.

The festival is sponsored by main festival partners Falling Walls Foundation and PD.

Text #1 – Website / Newsletter – long:

Every year over 1,000 international participants from government, politics, civil society and other change-making organisations join us to share and celebrate outstanding examples of innovative public administrations. The Creative Bureaucracy Festival will return on 13 June 2024 in Berlin, welcoming familiar and upcoming creative minds and public sector innovators on four dynamic stages and four forums from Germany, Zimbabwe, Canada, the USA, Montenegro, Morocco, Brazil, Cameroon, Singapore, Taiwan, Denmark, Finland, the UK, and beyond.

The Creative Bureaucracy Festival showcases a diverse range of Creative Bureaucracy in Action, including government reform, female empowerment, digitalisation, AI, and sustainable procurement. Sessions explore grant management, diversity, innovation, and project management. Initiatives like the African Union's digital fellowship and discussions on finance reimagination are featured, alongside intergenerational policymaking dialogue. The festival also highlights transformative initiatives, Tech startups helping the public sector, youth engagement in politics, sustainable school IT, and AI's public sector role, aiming to inspire hope for democracy and societal progress.
